

Celebrating 10 Years of

The
Ten-Years-in-the-Making
Movie Quiz

HOW TO PLAY

Each question is worth 10 points:

1 Point for correctly identifying each actor

1 Point for correctly identifying the film or show they are pictured appearing in

2 Points for identifying an additional film or show in which all four actors appeared!

We recommend half-points:

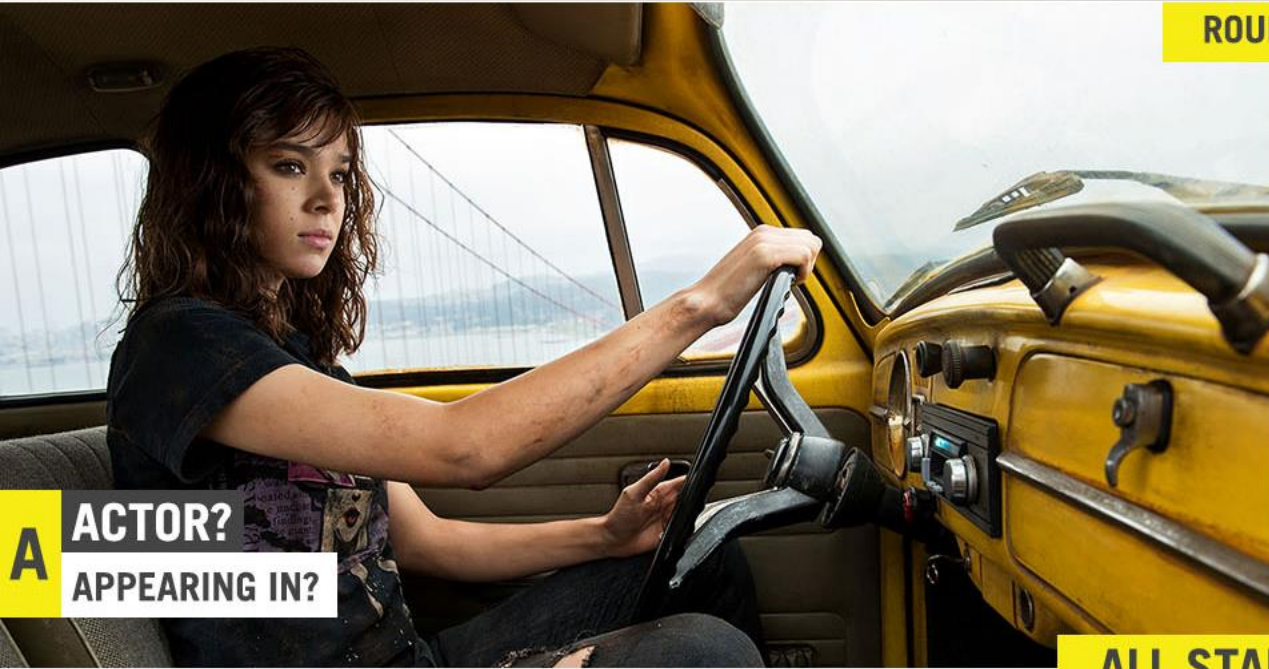

If you get the actor right but misspell or mispronounce their name

If you get the franchise right but not the film

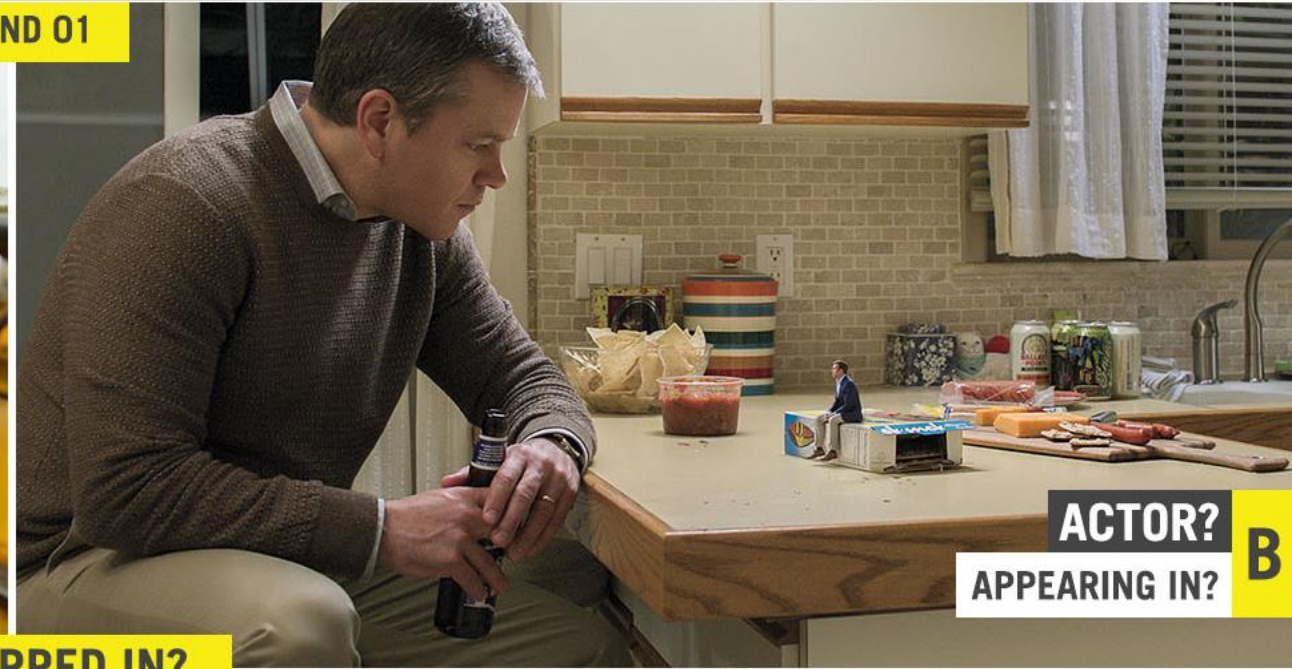

These are all films and shows that we worked on, so all of them were released in the last ten years.

Keep in mind that the same film or show could come up more than once!
